Patient Communications

☑ Call Pt with Results | THIS BOX CREATES TASK FOR NURSE | TT

☑ Schedule Results F/U | THIS BOX CREATES TASK FOR FRONT DESK | TT

☑ Mail Results To Patient

Typing in the **Call Pt with Results** box will trigger a **delegated** task to the **nurse**. The nurse will be able to see the message that you type in this field on the task.

Typing in the **Schedule Results F/U** box will trigger a task typically to the clerical staff, depending on clinic workflows**,** to call and schedule an appointment.

If the patient needs a follow up appointment due to abnormal labs, please choose **Call Pt with Results**, instruct the nurse to inform patient of labs, and then the nurse can transfer the call to the appointment team to schedule a follow up appointment.

Clicking the **Mail Results To Patient** box will trigger a task to print and mail the Result Note.

The patient will be able to see the message that you type in **Message To Patient** Field
