Logging In

- ❑ Logging into Allscripts is a two-step process, first into the server (Citrix), and then into Allscripts.
- ❑ Each clinic computer should have a shortcut set up for logging into Citrix. Double click on the icon to access the Citrix login screen.

Logging In from a Personal Device

- ▣ If on a personal device, download Citrix Workspace from <https://www.citrix.com/downloads/workspace-app/>
- ▣ Once downloaded, open a browser window and log into Citrix by going to the website <https://mea.allscriptscloud.com>

Logging In

- ▣ Enter your ETSU email username and password that was provided to you. The password *is* case sensitive.
- ▣ You will be directed to the screen for choosing your application. Please choose **TouchWorks EHR LIVE**.

- ▣ Next, enter your username/password for Allscripts. This is the second username and password provided to you.

When you first log in, you will land on the Daily Schedule. You can pull in other providers' schedules by clicking on magnifying glass and searching by last name. The schedule defaults to the current date, but you can navigate to other dates by clicking on the days of the week, the calendar icon, or using the arrows to jump forward/backward a week at a time.

Daily Schedule

The screenshot shows the Allscripts Daily Schedule interface. A red box highlights the 'Clinical Desktop' button in the top navigation bar. A red arrow points from this box to the patient's name 'TEST, COURTNEY' in the schedule table. Another red arrow points from the patient's name to the 'Patient Banner' area at the top right of the interface.

Annotations:

- A double click on the patient's name takes you to their chart (the Clinical Desktop)
- A single click on the patient's name pulls them into context and displays their name/demographic info in the Patient Banner

The screenshot displays a medical software interface with several key components:

- Table of Contents:** A vertical panel on the left side of the note editor, listing sections such as Chief Complaint, Reason For Visit, History of Present Illness, and Physical Exam. The 'PE for Medical Student' section is currently selected.
- Note Input (Forms):** The central area of the interface, showing a form for 'PE for Medical Student Note (Female)'. It includes sections for 'General Multi-System Exam', 'Constitutional', 'Head and Face', 'Eyes', 'Ears, Nose, Mouth, and Throat', and 'Examination of Oropharynx'. Each section contains various input fields and radio buttons for selecting 'Normal', 'Abnormal', 'Present', 'Refused', or 'Not Needed'.
- Clinical Desktop (the chart):** A panel on the right side of the interface, displaying a patient's chart. It includes tabs for Allergies, Medications, Orders, Labs, and Imaging and Procedures. A list of active conditions is shown, such as 'Abnormal movement in bone', 'Addison's disease', and 'Anxiety about health'.
- Note Accumulator Workspace (NAW):** A panel at the bottom of the interface, where text from the forms is populated. It shows the current section being edited, 'PE for Medical Student Note (Female): Discussion/Summary', and an 'Attending Note' field. A red arrow points from the 'Attending Note' field in the NAW to the corresponding field in the form above.

- Table of Contents** – Navigate through the note by clicking on the headings and forms in this panel (the forms are indented underneath the section headers)
- Clinical Desktop** – Patient's chart – contains the same tabs as on the Clinical Desktop tab. Allows you to view items in the patient's chart while in the note
- Note Input** – As you click on section headings/forms in the Table of Contents, that section will open here, so you can document.
- Note Accumulator Workspace (NAW)** – As you click on forms/type in the boxes above, the text will display in this section.

Tasking is how we communicate with each other about patient care. Tasks can be generated by the system, by a colleague, or by a patient.

Make sure to check your task list **every** time you log into the system. Ideally, it should be checked when you first log in and again before you log out, to make sure that all issues have been handled before leaving the clinic.

- 1. System-generated tasks:** These tasks pop in when workflows require completion; signing a note, renewing a medication, etc.
- 2. Manually created tasks:** These tasks are sent by other employees in the office and are usually related to patient care – inquiries regarding test results, requests to return phone calls, etc.
- 3. FMH (Follow My Health) tasks:** These are tasks sent by your patients via the Patient Portal (Follow My Health™). You need to respond to all FMH tasks within 48 hours at the latest. This is an organizational policy.

Takeaways

- ❑ Drop-down lists are populated by searching for users. If a user is NOT in your drop-down list, click the  button next to the search field and search by last name.
- ❑ Right-clicking on an item will often give you more menu options.
- ❑ **Double click** on the patient's name from the Daily Schedule before starting your note.
- ❑ Make sure you check your task list and worklist EVERY time you log into the system and as often as required by your clinic.
- ❑ **Save Often!** When saving in a note, save at least after each section.
