ETSU Population Health: QI Weekly

---

## Care of Older Adults (COA)

### Medication Review

Eligibility: Patients age 66 years and older whose doctor or clinical pharmacist has *reviewed a list of medications* at least once a year. This includes:

- Prescription drugs
- Non-prescription drugs
- Vitamins
- Herbal remedies
- Other supplements)

Note: An outpatient visit isn't required to meet criteria for the medication review nor is the patient required to be present for the medication review under this measure. Also, services provided in an acute inpatient setting aren't counted.

### To fulfill the Measure:

**Notation in the medical record of medication review in 2022 by the prescribing practitioner or clinical pharmacist**

**Notation in the medical record in 2022 that the member is not taking any medication**

### Pain Screening
