

Frequently Asked Questions

14. What are the technical requirements to use FollowMyHealth™?

FollowMyHealth™ Universal Health Record is an HTML5 web-based application. It is best viewed in our supported browsers (Internet Explorer 8 and higher and modern versions of Firefox, Chrome, and Safari). Other HTML5-compliant browsers should display correctly as well. If you are having display issues, please visit [this site](#) to discover which version of what browser you are on, and if there is an update available. If you need an updated version of a browser, or a new browser, please see the links below.
