

Tips & Tricks Weekly

Radiology Orders are changing!

Hey there! Tiny Rod here with exciting news. Our radiology orders will be updated to match the Ballad Epic orders. So we will have everything that Ballad offers in our EHR. That also means that your currently saved favorite radiology orders may need to be resaved as Favorites and Quick List. You may need to change the way you search for these orders too.

You will now be able to search by CPT code!
Unsure what to order? Call Ballad radiology department:
[423-302-6239](tel:423-302-6239)

Search for CT orders with the following:
"CT "
Must use 3 character search, so CT "space" Enter

Search for X-ray orders with the following:
"XR "
Must use 3 character search, so XR "space" Enter

Search for MRI orders with the following: MRI.
Search for MRA orders using MRI because named MRI Angiogram.
Search for MRV orders using MRV.

Search for interventional radiology orders with the following:
"IR "
Must use 3 character search, so IR "space" Enter

Search for ultrasound orders with the following:
"US "
Must use 3 character search, so US "space" Enter

Search for mammogram or breast orders with the following: mam or mammo

Search for nuclear medicine orders with the following:
"NM "
Must use 3 character search, so NM "space" Enter

Changes go in effect on July 13th!

Please don't remove tasks. Send any that can't be worked to the helpdesk.
Call helpdesk with any concerns.
