

## What are the technical requirements to use FollowMyHealth®?

Last Updated: Jul 24, 2019 04:17PM CDT

FollowMyHealth® Universal Health Record is an HTML5 web-based application. It is best viewed in our supported browsers. It is highly recommended that you use the latest, most up-to-date versions of the following web browsers.

- > Microsoft® Internet Explorer®
- > Microsoft Edge
- > Mozilla Firefox®
- > Google Chrome™
- > Apple® Safari®

OS limitations are Windows XP Service Pack 3 or higher. All versions of OSX, and Linux are supported.

If you are having display issues, please visit [this site](#) to discover which version of what browser you are on, and if there is an update available. If you need an updated version of a browser, or a new browser, please see the links below.
