Worklist—Update Provider

- Touchworks is unable to reassign results from Inbox tasks.
- Instead use Update Provider from the Worklist.
- ATTENTION: Workflow updates on 9/13/2023!
- This moves the result from one provider to another- preceptor to resident or vice versa.
- Never Enter in Error a task.

From the Clinician Worklist, click Update Provider in the bottom toolbar.

Use magnifying glass to search for provider if not in dropdown.

These Annotations are on the RESULTS and can be visible to the patient. This is not a message to the new provider.

Starting on 9/13, Update Provider will move the results and the task from you to the new provider.
